Telstra Site Share

Request for exemption from providing a detailed Power Viability Audit

Telstra Site Name:		**State:**	
RFNSA Number:		**Application Reference:**	

Proposed scope of works *(please highlight all associated electrical component(s))*

Current agreement with Telstra *(Please note that the breaker of the access seeker is not necessarily the current agreement. Review previous application/reach out to access seeker to confirm before submission.)*	
Current breaker size for access seeker and existing site SLD *(Please provide details of the existing breaker size for the access seeker as well as the existing SLD for the site.)*	
Maximum demand evidence *(Please provide details of new maximum demand for access seeker – include AC and DC load analysis as well as phase allocation for the access seeker. E.g.: Table with the proposed site load summary per phase.)*	
Confirmation that whole of site impact has been considered with the growth of this access seeker *(Note that some sites may have multiple access seekers, so single access seeker cannot be considered in isolation for growth. Ensure that the growth on this access seeker does not have adverse impact on the remaining users of the site.)*	

Telstra Site Share

Request for exemption from providing a detailed Power Viability Audit

Having duly considered the nominated site's existing electrical capacity and demand, I/we herewith assert that any additional loading introduced by the proposed scope of works will have minimal impact on the overall stability of existing infrastructure.

Furthermore, in the event that the works carried out cause or result in any loss or damage, your liability will be governed by the terms of your agreement with Telstra under which your Site Share access is provided.
