

Centralised Special Work Locations (SWL) Listing

Last Update ...17/03/2008

Instructions:

- * The details shown below are to be kept as a progressive record by the nominated Centralised Contact Person Angela McKay 1800 666 657 (GA Adelaide) and updated when additions or deletions occur
- * The nominated Centralised Contact Person will update the centralised version of this listing when notified by a Team Leader via email that a location has been deemed a Special Work Location. Updates of the centralised listing will be lodged onto the IS HS&E intranet site
- * Team Leaders are to ensure that the contents of the Centralised listing is accessible to staff, or be confident that the latest details are being recorded and held by their staff, especially for new staff in their area
- * SWLs must be marked with an adhesive label on the key-way boss of the cast iron manhole/pit cover. This label is available under S/I 141/00425

** The Team Leader to ensure Two staff must be available for the TOW.*

Field Service Area	Exchange Area	Location (Address)	Type of Construction (pit / manhole)	Additional Comments/Hazard etc?	Date that the Site was Determined as an SWL	Name of Team Leader reporting SWL	Team Leader Contact Tel. No.
